Quick Resource Guide for Childcare Centers

**Child Find**

1-800-322-8174

Project CHILD FIND is a free referral service and public awareness campaign to assist in the identification of underserved youth with a delay or disability from birth through twenty-one years of age.

http://www.state.nj.us/education/specialed/childfind/

**Early Intervention System**

Refer families to: 888-653-4463

The Early Intervention System (EIS) under the Department of Health & Senior Services, implements NJ’s statewide system of services for infants and toddlers, birth to age three, with developmental delays or disabilities by providing quality services and support to families and their children.

www.njeis.org

**NJ Department of Children and Families**

**Division of Family and Community Partnerships**

**Home Visiting Programs:**

Eligibility criteria for HV services vary by model, but typically programs begin working with families during pregnancy and continue until the child is age two or three.

http://www.dcf.state.nj.us/fcp/ecs/Pages/default.aspx

Home visitors provide pregnant women and new parents with health information, parenting education, developmental screening and linkages to other resources that support child and family well-being. The directory provides information on all DCF-funded HV models that include:

- Healthy Families (HF-TIP) – pregnancy/birth to age three
- Nurse-Family Partnership (NFP) – first-time pregnancy to age two
- Parents As Teachers (PAT) – pregnancy/infancy to preschool
- Home Instruction for Parents of Preschool Youngsters (HIPPY) – age three to five

**Medicaid HMO’s**

**Care Management Services:** Children who receive NJ Medicaid are assigned to an HMO Care Manager.

**Horizon NJ Health**

1-800-682-9094 Ext. 89385

**United Healthcare Community Plan**

1-877-704-8871 Ext. 5260

**Amerigroup Community Care**

1-800-452-7101 Ext. 66050

or 732-452-6050

**Healthfirst NJ:** 1-866-467-7178

**Mental Health and Behavioral Health Services**

**Call Perform Care:** 1-877-652-7624

Contracted System Administrator (CSA) for the New Jersey Department of Children and Families (DCF) Division of Children’s System of Care (DCSC)

http://www.performcarenj.org/

A connection to a local mental health provider for therapeutic behavioral assistance through the CSA (Perform Care) Care Coordination; or Short-term Case Management with Supportive Services through a local Youth Case Management Program; or intensive, team-based Case Management through a local Care Management Organization. All of these services are designed to provide New Jersey family with the supports to maintain their child in the home and in school with community-based resources.

**Special Child Health Services Registry:**

Special Child Health Services Registry is a public health tool for tracking and needs assessment. The SCHS registry is a confidential record of infants and children who have birth defects and special health care needs or who are at risk for developing such needs. The registry serves as a primary link to case management services.

Quick Resource Guide for Childcare Centers

Special Child Health Services
Case Management Units:
For children birth to age 21 with special health care needs referrals can be made to the SCHS Case Management Units.

Each of the State’s 21 counties has an SCHS Case Management Unit jointly funded by SCHS and the county freeholders. SCHS Case Managers, with parental consent, work with the child’s parents and the physician to evaluate an affected child’s strengths and needs; and develops an individual service plan for the child and family. Medical, educational, developmental, social and economic needs of the child and family are targeted.
